WORK EXPERIENCE

Ericsson | Remote | *Oct. 2023-Present*

1. Instructional Designer |*Oct. 2023-Present*

Lead content creator and coordinator for the sales certification of Ericsson's Enterprise 5G solutions and product lines.

- Conducts needs analysis to identify learning gaps and devise appropriate learning solutions and design plans for various training modules.
- Develops and manages technical and sales marketing training content.
- Collaborated on major rebranding efforts across the entire company and LMS.
- Led project management for cross-functional collaboration with global SMEs and stakeholders (both internal and external) to develop technical and instructional writing aligned with adult learning principles.
- Stays updated on industry trends and best practices in instructional design and eLearning technology to continuously improve training programs.

- Conducted pilot testing and gathered feedback to refine and improve training content and delivery methods.
- Implemented assessment strategies to measure learner progress and evaluate the effectiveness of training programs.
- Integrated multimedia elements, including videos, simulations, and interactive activities, to enhance learner engagement.

2. LMS Administrator and Instructional design support | *October 2023-August 2024*

Supported the development of training and learning initiatives for sales and technical teams and supported system administration in managing LMS platform and automating processes.

- Managed LMS administration, including data organization and content creation for training programs.
- Automated system administration tasks using Python and Selenium to improve LMS data organization and documentation.
- Facilitated ILT and VILT sessions and integrated BCRM systems for enhanced learner tracking.
- Conducted needs analysis to identify learning gaps and create tailored learning content
- Managed data organization using Salesforce and Workday, generating social media reports to evaluate LMS effectiveness and highlight new content.
- Administered the Learning Management System (LMS) to ensure optimal operation and user experience.
- Implemented xAPI within the LMS platform for enhanced tracking and analytics.

Instructional Designer, Freelance | *Remote* | *Feb 2022-present*

Provided customized eLearning design and content creation services for various industries.

AI Training Specialist & AI Content Trainer | *Outlier- various projects* | *Remote* | *June 2023 - present*

Contributed to the development of AI learning systems by training models through content creation, moderation, and data annotation. Played a key role in enhancing the AI's ability to learn and make decisions through iterative content refinement and feedback.

Instructional Designer/High School Teacher | *Alternatives in Action High School* | *Oakland, CA* | *2022-2023*

Managed instructional design and content development for over 100 students in a bilingual (Spanish/English) classroom.

- Designed digital content and learning experiences using Universal Design Learning and project-based learning strategies.
 - Collaborated with other educators and community stakeholders to implement culturally relevant teaching and educational theories.
 - Managed LMS data organization
 - Supported differentiated skills and learning styles of students, helping create, implement, and sustain Individual Education Plans (IEP) and Specific Accessibility Plans (504) for students (e.g., assisted with student academic interventions and home visits).
-

Instructional Designer/10th Grade History Teacher | *Madison Park Academy Upper Campus* | Oakland, CA | 2021-2022

Developed instructional content for seven core classes and managed over 120 students in person and online.

- Implemented eLearning design principles and learning theories to create engaging digital and in-person learning experiences.
 - Managed LMS data organization
 - Collaborated with external partners for community outreach and field trip events.
 - Conducted educational research thesis development, data collection, field study, data analytics, peer-reviewed study, and presentation of findings.
 - Created graphic design materials (presentations, infographics, posters, videos, QR code embedding, surveys).
-

Instructional Designer/4th Grade Assistant Teacher/Art Teacher | *Belmont Oaks Academy* | Belmont, CA | 2020-2021

Developed and conducted art and social-emotional learning for a hybrid 4th grade classroom during the pandemic.
